PROSTAGLANDINS LEUKOTRIENES AND ESSENTIAL FATTY ACIDS

Prostaglandins Leukotrienes and Essential Fatty Acids (1991) 44, 263–266
© Longman Group UK Ltd 1991

Subject Index to Volume 44

A

Age: influence on delta-6-desaturation in liver microsomes of gamma-linolenic acid dietary supplementation to young and old rats, 191
Aldose reductase inhibitors, effects on prostacyclin synthesis by aortic rings from rats with streptozotocin-induced diabetes of, 233
Alpha-linolenic acid delta-6-desaturation in liver microsomes, influence of gamma-linolenic acid dietary supplementation to young and old rats on, 191
Aminophylline, influence on endothelin-l-induced vaso- and bronchoconstriction of, 155
Amnion
  prostaglandin biosynthesis, epidermal growth factor and the regulation of, 57
  prostaglandin E_2 synthesis, isolation of multiple substances in amniotic fluid involved in the regulation of, 253
  prostaglandin E_2 synthesis, synergistic stimulation by interleukin-1 tumour necrosis factor and products from activated human granulocytes of, 241
Aorta
  effects of tetracycline and penicillin G on prostacyclin synthesis by the rat thoracic aorta, 37
  prostacyclin production by aortic rings from rats with streptozotocin-induced diabetes, effects of aldose reductase inhibitors on, 233
  triphasic response of prostacyclin production in rabbit thoracic aorta with early atherosclerosis, 31
Arthritis
  adjuvant-induced, effect on rat leukocyte membrane phospholipid fatty acid levels following fish oil of, 107
  rheumatoid, new therapeutic strategies in, 201
Aspirin: two year Cottbus reinfarction study with 30 mg per day, 159
Asthma/asthmatic patients
  influence of aminophylline and ketotifen on endothelin-1--induced vaso- and bronchoconstriction, 155
  leukotriene C_4 formation by enriched human basophil preparations from, 11
Atherosclerosis, triphasic response of rabbit aortic prostacyclin production in early development of, 31

B

Basophil preparation from normal and asthmatic subjects, leukotriene C_4 formation by, 11
Blood
  effects of diltiazem on thromboxane B_2 production from platelet-rich plasma and whole blood, 149
  see also Blood pressure; Vascular system
Blood pressure
  effects of fish oil on, 119
  effects of fish oil combined with dietary sodium restriction on, 113
  influence of aminophylline and ketotifen on endothelin-1--induced vaso- and bronchoconstriction, 155
Bordetella bronchiseptica and canine influenza type 2 infection produces increased bronchoalveolar lavage thromboxane concentration in beagle puppies, 171
Bronchoconstriction
  canine parainfluenza type 2 and *Bordetella bronchiseptica* infection produces increased bronchoalveolar lavage thromboxane concentration in beagle puppies, 171
  see also Asthma

C

Canine parainfluenza type 2 and *Bordetella bronchiseptica* infection produces increased bronchoalveolar lavage thromboxane concentration in beagle puppies, 171
Carbacyclins, inhibition of endothelin-induced DNA synthesis in cultured vascular smooth muscle cells by, 237
Cardiac disorders *see* Heart
Chemotherapeutic agents: effects of tetracycline and penicillin G on prostacyclin synthesis by rat thoracic aorta and myometrial tissues, 37
Collagen vascular diseases, new therapeutic strategies in, 201
Coronary heart disease mortality, dietary factors in, 97
Cottbus reinfarction study with 30 mg aspirin per day, 159

D

Delta-6-desaturase activity in liver microsomes, influence of gamma-linolenic acid dietary supplementation to young and old rats on, 191
Diabetes, streptozotocin-induced, effects of aldose reductase inhibitors on prostacyclin synthesis by aortic rings from rats with, 233
Dietary fatty acids
  blood pressure reduction in adult rats by fish oil combined with dietary sodium restriction, 113
  and coronary heart disease mortality, 97
  erythrocyte eicosapentaenoic acid versus docosahexaenoic acid as a marker for fish oil consumption, 103
  fish oil administration retards the development of hypertension and influences vascular neuroeffector function, 119
  gamma-linolenic acid supplementation to young and old rats, influence on delta-6-desaturation in liver microsomes of, 191
  interactions between n-3 and n-6 EFAs in the regulation of cardiovascular disorders and inflammation, 127

and leukocyte membrane phospholipid fatty acid levels in rats with adjuvant-induced arthritis, 107
linoleate-enhanced growth of mouse mammary tumour cells, eicosanoids and, 177
modulation of phorbol ester-elicited events in mouse epidermis by, 19
and new therapeutic strategies in rheumatoid arthritis and other collagen vascular diseases, 201
and phospholipid composition and prostaglandin E_2 synthesis in rat kidneys, 93
strategies for increasing the anti-inflammatory effect of, 123
Dihomogammalinolenic acid and eicosapentaenoic acid levels: and regulation of cardiovascular disorders and inflammation, 127
Diltiazem, effects on thromboxane B_2 production from platelet-rich plasma and whole blood of, 149
DNA synthesis in cultured vascular smooth muscle cells, endothelin-induced, inhibition by prostacyclin and carbacyclins of, 237
Docosahexaenoic acid, erythrocyte: as marker for fish and fish oil consumption, 103

E

Eicosapentaenoic acid (levels)
and dihomogammalinolenic acid levels: and regulation of cardiovascular disorders and inflammation, 127
erythrocyte: as marker for fish and fish oil consumption, 103
Endometrium, cultured ovine, effect of platelet-activating factor on prostaglandin release from, 67
Endothelial cell injury, H_2O_2-induced, inhibition by flavan-3-ol and saikosaponin compounds of, 51
Endothelin (induction)
of DNA synthesis in cultured vascular smooth muscle cells, inhibition by prostacyclin and carbacyclins of, 237
of vaso- and bronchoconstriction, influence of aminophylline and ketotifen on, 155
Epidermal growth factor: and regulation of amnion prostaglandin biosynthesis, 57
Epidermis, mouse, modulation by dietary n-3 and n-6 fatty acids of phorbol ester-elicited events in, 19
Erythrocyte
eicosapentaenoic acid versus docosahexaenoic acid levels as a marker for fish and fish oil consumption, 103
sedimentation in multiple sclerosis, linoleic acid-dependent slowing of, 257
Excretion of prostaglandins, prostaglandin I_2 as marker for seminal fluid contamination of urine in studies of, 47
Eye: release and effects of prostaglandins in ocular tissues, 71

F

Fish oil
anti-inflammatory effect of, strategies for increasing, 123
blood pressure reduction in adult rats by dietary sodium restriction and, 113
effect on development of hypertension and vascular neuroeffector function of, 119
erythrocyte eicosapentaenoic acid versus docosahexaenoic acid as marker for, 103
interactions between n-3 and n-6 essential fatty acids in the regulation of cardiovascular disorders and inflammation, 127
and leukocyte membrane phospholipid fatty acid levels in rats with adjuvant-induced arthritis, 107
Flaps, skin, interrelationships between prostanoids and survival of, 195
Flavan-3-ol, inhibition of platelet activation and endothelial cell injury by, 51

G

Gamma-linolenic acid dietary supplementation to young and old rats, influence in delta-6-desaturation in liver microsomes of, 191
Gastric ulcers, role of platelet-activating factor in pathogenesis of, 135
Glomerular filtration rate, effect of iloprost in sodium-depleted rats pretreated with captopril on, 27
Granulocytes
activated human, synergistic stimulation of amnion cell prostaglandin E_2 synthesis by interleukin-1 tumour necrosis factor and products from, 241
6-trans-leukotriene B_4-induced infiltration of rodent dermis by, inhibition by anti-inflammatory agent SC-41930 of, 61

H

Heart
dietary factors in the fall in coronary heart disease mortality, 97
interaction between n-3 and n-6 essential fatty acids in the regulation of cardiovascular disorders and inflammation, 127
myocardial infarction: two year Cottbus reinfarction study with 30 mg aspirin per day, 159
Hindquarters vascular bed of the cat, influence of SQ 29, 548 on vasoconstrictor responses in, 83
Hydroxyeicosatetraenoic acids, generation in peritoneal macrophages of tumour-bearing mice of, 185
Hypertension
blood pressure reduction in adult rats by fish oil combined with dietary sodium restriction, 113
dietary fish oil administration retards the development of, 119
pregnancy-induced, fatty acid composition of serum lipids of mothers and their babies after, 247

I

Iloprost, effect in sodium-depleted rats pretreated with captopril of, 27
Inflammation
adjuvant-induced arthritis, effect on rat leukocyte membrane phospholipid fatty acid levels following fish oil feeding of, 107
and evaluation of prostaglandin E_1 for prevention of respiratory failure in high-risk trauma patients, 223
inhibition of 6-trans-leukotriene B_4-induced granulocyte infiltration of rodent dermis by antiinflammatory agent SC-41930, 61
interactions between n-3 and n-6 essential fatty acids in the regulation of cardiovascular disorders and, 127
new therapeutic strategies in rheumatoid arthritis and other collagen vascular diseases, 201
strategies for increasing the anti-inflammatory effect of fish oil, 123
synergistic stimulation of amnion cell prostaglandin E_2 synthesis by interleukin-1 tumour necrosis factor and products from activated human granulocytes, 241
see also Bronchoconstriction
Interleukin-1
and new therapeutic strategies in rheumatoid arthritis and other collagen vascular diseases, 201
synergistic stimulation of amnion cell prostaglandin E_2 synthesis by tumour necrosis factor and products from activated human granulocytes and, 241
Ischaemia, skin flap, interrelationships between prostanoids and, 195

K

Ketotifen, influence on endothelin-l-induced vaso- and bronchoconstriction of, 155
Kidney
effect of iloprost on glomerular filtration rate in sodium-depleted rats pretreated with captopril, 27
phospholipid composition and prostaglandin E synthesis in, influence of dietary fatty acids on, 93
renal prostaglandin biosynthesis, prostaglandin I_2 as marker for seminal fluid contamination of urine in studies of, 47

L

Leukocyte membrane phospholipid fatty acid levels following fish oil feeding, effect of adjuvant-induced arthritis on, 107
Leukotriene B_4 (LTB_4)
  bronchoalveolar lavage concentrations in beagle puppies following canine parainfluenza type 2 and *Bordetella bronchioseptica* infection, 171
  6-trans-LTB_4-induced granulocyte infiltration of rodent dermis, inhibition by anti-inflammatory agent SC-41930 of, 61
Leukotriene C_4 production
  by enriched human basophil preparations from normal and asthmatic subjects, 11
  in peritoneal macrophages of tumour-bearing mice, 185
Linoleic acid
  delta-6 desaturation in liver microsomes, influence of gamma-linolenic acid dietary supplementation to young and old rats on, 191
  eicosanoids and linoleate-enhanced growth of mouse mammary tumour cells, 177
  in serum lipids of mothers and their babies after normal and hypertensive pregnancies, 247
  and slowing of erythrocyte sedimentation in multiple sclerosis, 257

M

Macrophages, peritoneal
  of tumour-bearing mice, generation of leukotrienes and hydroxyeicosatetraenoic acids in, 185
  vitamin E inhibition of prostaglandin E_2 production in, 89
Multiple sclerosis, linoleic acid-dependent slowing of erythrocyte sedimentation in, 253
Myocardial infarction: two year Cottbus reinfarction study with 30 mg aspirin per day, 159
Myometrium, rat, effects of tetracycline and penicillin G on prostacyclin synthesis by, 37

N

Neonatal fatty acid composition of serum lipids after normal and hypertensive pregnancies, 247
Neuroeffector function, vascular, influence of dietary fish oil administration on, 119
Neutrophils: and role of prostaglandin E_1 in prevention of respiratory failure in high-risk trauma patients, 223

O

Ocular tissues, release and effects of prostaglandins in, 71

P

Penicillin G, effects on prostacyclin synthesis by rat thoracic aorta and myometrial tissue of, 37
Phorbol esters
  effects in mouse epidermis of, modulation by dietary n-3 and n-6 fatty acids of, 19
  and role of epidermal growth factor in the regulation of amnion prostaglandin biosynthesis, 57
Phospholipase A_2 and triacylglycerol lipase, exogenous, effect on synthesis and release of monoenoic and bisenoic prostaglandins from isolated rat uterus of, 211
Phospholipid composition
  of erythrocyte membranes: as marker for fish and fish oil consumption, 103
  in kidneys, influence of dietary fatty acids on, 93
  in leukocyte membranes following fish oil feeding, effect of adjuvant-induced arthritis on, 107
  of mothers and their babies after normal and hypertensive pregnancies, 247
Platelet (function)
  antiplatelet activity of aspirin: two year Cottbus reinfarction study with 30 mg per day, 159
  effects of diltiazem on, 149
  inhibition by flavan-3-ol and saikosaponin compounds of, 51
Platelet-activating factor
  effect on prostaglandin release from cultured ovine endometrial cells of, 67
  metabolic effects of, 1
  role in pathogenesis of gastric ulcers of, 135
Pregnancy
  fatty acid composition of serum lipids of mothers and their babies after normal and hypertensive, 247
  see also Uterus
Progesterone, uterine production of prostaglandins $F_{2\alpha}$ and 6-keto-$F_{1\alpha}$ by ovariectomized pregnant rats receiving antiprogesterone steroid or following withdrawal of, 217, 255
Prostacyclin (PGI_2)
  inhibition of endothelin-induced DNA synthesis in cultured vascular smooth muscle cells, 237
  as marker for seminal fluid contamination of urine in studies of renal prostaglandin biosynthesis, 47
  synthesis
    by aortic rings from rats with streptozotocin-induced diabetes, effects of aldose reductase inhibitors on, 233
    glomerular, effect of iloprost in sodium-depleted rats pretreated with captopril on, 27
    in rabbit thoracic aorta, triphasic response in early atherosclerosis of, 231
    in rat thoracic aorta and myometrial tissues, effects of tetracycline and penicillin G on, 37
Prostaglandin E
  and linoleate-enhanced growth of mouse mammary tumour cells, 177
  PGE_1 and prevention of respiratory failure in high-risk trauma patients, 223
  phorbol ester-induced production in mouse epidermis, effects of dietary n-3 and n-6 fatty acids on, 19
  synthesis and release of PGE_1 and PGE_2 from isolated rat uterus, effect of exogenous phospholipase A_2 and triacylglycerol lipase on, 211
Prostaglandin E_2
  as marker for seminal fluid contamination of urine in studies of renal prostaglandin biosynthesis, 47
  release from cultured ovine endometrial cells, effect of platelet-activating factor on, 67
  synthesis
    amnion, epidermal growth factor and the regulation of, 57
    amnion, isolation of multiple substances in amniotic fluid involved in the regulation of, 253
    amnion, synergistic stimulation by interleukin-1 tumour necrosis factor and products from activated human granulocytes of, 241
    in macrophages from vitamin E-treated rats, 89
    in rat kidneys, influence of dietary fatty acids on, 93
6-keto-Prostaglandin $F_{1\alpha}$: uterine production by ovariectomized pregnant rats receiving anti-progesterone steroid or in which progesterone has been withdrawn, 217, 259
Prostaglandin $F_{2\alpha}$
  as marker for seminal fluid contamination of urine in studies of renal prostaglandin biosynthesis, 47
  release from cultured ovine endometrial cells, effect of platelet-activating factor on, 67
  synthesis and release from isolated rat uterus, effect of exogenous phospholipase A_2 and triacylglycerol lipase on, 211
  uterine production by ovariectomized pregnant rats receiving antiprogesterone steroid or in which progesterone has been withdrawn, 217, 259
Prostaglandin I_2 *see* Prostacyclin

R

Renal prostaglandins *see under* Kidney

Respiratory disorders
evaluation of prostaglandin E_1 for prevention of respiratory failure in high-risk trauma patients, 93
see also Asthma; Viral lower respiratory tract infection
Rheumatoid arthritis and other collagen vascular diseases, new therapeutic strategies in, 201

S

Saikosaponin compounds, inhibition of platelet activity and endothelial cell injury by, 51
SC-41930 (anti-inflammatory agent) inhibits granulocyte infiltration of rodent dermis induced by 6-trans-leukotriene B_4, 61
Seminal plasma leakage into urinary system, prostaglandin I_2 as marker for, 47
Skin
flaps, interrelationships between prostanoids and survival of, 195
tumorigenesis: modulation of phorbol ester-elicited events in mouse epidermis by dietary n-3 and n-6 fatty acids, 19
Sodium
effect of iloprost in sodium-depleted rats pretreated with captapril, 27
restriction, blood pressure reduction in adult rats by dietary fish oil and, 113
SQ 29,548 (thromboxane receptor antagonist), influence on vasoconstrictor responses in the hindquarters vascular bed of the cat of, 83
Steroids *see* Progesterone
Stomach *see* Gastric ulcers

T

Tetracycline effects on prostacyclin synthesis by rat thoracic aorta and myometrial tissue of, 37
Theophylline *see* Aminophylline
Thromboxane A_2 receptor antagonist SQ 29,548, influence on vasoconstrictor responses in the hindquarters vascular bed of the cat of, 83
Thromboxane B_2
bronchoalveolar lavage concentrations in beagle puppies following canine parainfluenza type 2 and *Bordetella bronchoseptica* infection, 171
platelet production of, inhibition by flavan-3-ol and saikosaponin compounds of, 51
production from platelet-rich plasma and whole blood of, effects of diltiazem on, 149
Trauma patients, high-risk, evaluation of prostaglandin E_1 for prevention of respiratory failure in, 223
Triacylglycerol lipase and phospholipase A_2, exogenous, effect on synthesis and release of monoenoic and bisenoic prostaglandins from isolated rat uterus, of, 211
Tumour(s)
generation of leukotrienes and hydroxyeicosatetraenoic acids in peritoneal macrophages of tumour-bearing mice, 185
linoleate-enhanced growth of mouse mammary tumour cells, eicosanoids and, 177
skin: modulation of phorbol ester-elicited events in mouse epidermis by dietary n-3 and n-6 fatty acids, 19
Tumour necrosis factor
and new therapeutic strategies in rheumatoid arthritis and other collagen vascular diseases, 201
synergistic stimulation of amnion cell prostaglandin E_2 synthesis by interleukin-1 and products from activated human granulocyted and, 241

U

Ulcers, gastric, role of platelet-activating factor in pathogenesis of, 135
Urine, seminal fluid contamination of: and primary prostaglandin excretion rates in studies of renal prostaglandin biosynthesis, 47
Uterus (uterine)
effect of platelet-activating factor on prostaglandin release from ovine endometrial cells in culture, 67
effects of tetracycline and penicillin G on prostacyclin synthesis by rat myometrial tissues, 37
production of prostaglandins $F_{2\alpha}$ and 6-keto-$F_{1\alpha}$ by ovariectomized pregnant rats receiving anti-progesterone steroid or in which progesterone has withdrawn, 217, 259
synthesis and release of monoenoic and bisenoic prostaglandins, effect of exogenous phospholipase A_2 and triacylglycerol lipase on, 211

V

Vascular system
effects of diltiazem on thromboxane B_2 production from platelet-rich plasma and whole blood, 149
influence of aminophylline and ketotifen on endothelin-1--induced vaso- and bronchoconstriction, 155
inhibition by prostacyclin and carbacyclin-induced DNA synthesis in cultured vascular smooth muscle cells, 237
interaction between n-3 and n-6 essential fatty acids in the regulation of cardiovascular disorders and inflammation, 127
interrelationships between prostanoids and skin flap survival, 195
neuroeffector function, influence of dietary fish oil administration on, 119
vasoconstrictor responses in the hindquarters vascular bed of the cat, influence of SQ 29,548 on, 83
see also Aorta
Viral lower respiratory tract infections: canine parainfluenza type 2 and *Bordetella bronchiseptica* infection produces increased bronchoalveolar lavage thromboxane concentrations in beagle puppies, 171
Vitamin E inhibition of prostaglandin E_2 production in macrophages, 89
